INTRODUCTION

This document is intended to provide the members of the Southwestern Bald Eagle Management Committee, researchers, land and wildlife managers, and the interested public with a bibliography of scientific literature pertaining to the biology and ecology of bald eagles in the southwest, with emphasis on Arizona. This summary includes published and unpublished papers, reports, theses, and drafts. Some of the listed reports contain information that is considered sensitive and confidential by the Arizona Game and Fish Department (AGFD). While we list the citations here, the distribution of certain reports may be restricted. Interested parties can, with appropriate justification, obtain this information through written request to AGFD (c/o Heritage Data Management System, 5000 West Carefree Highway, Phoenix, Arizona, 85086. 623-236-7612).

The AGFD Nongame Technical Reports can be downloaded at www.swbemc.org. All other reports must be acquired at their cited source as AGFD does not have the copyrights for their distribution.

The references below are listed under six sections: 1) AGFD Nongame Technical Reports, 2) Arizona Bald Eagle Nestwatch Program Reports, 3) Arizona Bald Eagle Wintering and Roosting Research, 4) General Arizona Bald Eagle Research, 5) Bald Eagle Research in Mexico, 6) Bald Eagle Research in the Southwest.
