

## ITCA WIC PROGRAM FOOD ITEM DECLARATION

Store Name and Number (if applicable) \_\_\_\_\_ Vendor ID \_\_\_\_\_

Authorized ITCA WIC Vendors must declare their store or house brand for the following WIC authorized food items: Refrigerated Cow's Milk (Milk), Cheese and Eggs. **Note:** only one brand may be declared for each item.

Store Brands are defined as: A product that is manufactured and packaged for a particular store or retail chain.

House Brands are defined as: A proprietary brand of merchandise sold by one retailer (the brand that is declared when a store brand is not available).

This form must be completed and submitted to the Inter Tribal Council of Arizona, Inc. WIC Program.

By submitting this form, I am declaring that the above mentioned Store or House Brand for Milk, Cheese and Eggs are identified. I further understand that this declaration determines that the store or house brands listed above are the **only** WIC authorized brands available to WIC customers when they redeem their WIC checks.

I agree to sell a replacement item (milk, cheese or eggs) to the WIC customer for the same price or less as the originally declared store or house brand if, for reasons beyond the store's control, the declared store or house brand item (milk, cheese or eggs) is not available: and to post and maintain the official declaration signage approved by ITCA milk, cheese and eggs cases.

Submit Declared Brands form to ITCA for approval. Upon approval, declared brands will remain in effect through the end of the Vendor Contract. If any change of this form is needed, a new form will need to be submitted for approval.
