Doug:

I understand the need to have Ben fully briefed and his buy-in into any paper that comes up here. As I recalled we did not provide Randy any dates certain to have a BP back to him. So let's plan on what works for the region and see how long we can hold off to give the Region the time they need. Hope this helps and works.

Bryan:

In response to Randy's request yesterday concerning a briefing paper for the SW DPS of the bald eagle, I sent a note to R2 requesting such. Please see response from Sarah below. Please let us know if the 14th/15th will work for having the BP to you and Ren or if we need something sooner.

thanks

Doug

We have a briefing set up 4/14 with Ben Tuggle and are preparing a briefing paper for that meeting. I'll make sure it addresses the issues below. The 14th is the first opportunity we have to brief Ben, so I'm not sure we could get anything to you sooner. We have not had a chance to brief Ben on the petition, complaint, strategy, etc. Based on experiences thus far, I don't believe he would be comfortable sending anything up before we can talk to him about it. Will the 14th be soon enough?

My guess is we'll need to send that briefing statement through Ren and Dale first, before going to FWP.

 Subject SW DPS of Bald Eagle briefing paper

Susan et al.:

In yesterday's coordination meeting with FWP, Randy asked if we had a briefing paper concerning the issue of the SW DPS of the bald eagle. Specifically, in response to the complaint and the issues of what we need to do and when. Also, it would be good to speak to what strategy the RO is thinking about to address the petition/complaint.

I did not get a sense that there was immediate urgency to have this to Randy, but probably within a week. Let me know what you think is feasible.

thanks

Doug
