

ITCA WIC ALERT

November 2016

The Inter Tribal Council of Arizona, Inc. Special Supplemental Nutrition Program for Women, Infants and Children (WIC) is now using the WIC Shopper app. The WIC Shopper App is a mobile application that can identify the correct ITCA WIC products to purchase before heading to the register. The WIC Shopper App was created for WIC clients but can be a useful tool for vendors as well.

How to use the WIC Shopper App:

- **Download the WIC Shopper App from your app store**

- **Select the ITCA WIC Program**
- **Scan products to verify ITCA WIC eligibility. The app will tell you if the product is ITCA WIC eligible.**

Other Features:

Vendor Locations

Product Requests

AZ WIC Programs Authorized Food List

WIC Office Locations

The WIC Shopper App has a UPC database that contains foods approved for the ITCA WIC Program. If you encounter any foods that are not in the UPC database, please report the food items to: WICUPC@itcaonline.com. Please keep in mind that some foods may have been missed during the UPC collection, and some foods may not be authorized. The ITCA WIC Program appreciates your effort in sharing the foods that are potentially missing from the UPC database. A UPC request form can be found on the ITCA WIC webpage at: www.itcaonline.com.

If you have any questions or concerns, contact Mallory Phelps, WIC Vendor Manager, at (602) 258-4822.
