

Position Announcement

The following job opportunity is available with the Inter Tribal Council of Arizona, Inc. located at 2214 North Central Avenue, Phoenix, AZ 85004

Open as of: February 21, 2024

Closing Date: Open until filled

BEHAVIORAL HEALTH/OVERDOSE EPIDEMIOLOGIST II

Annual Salary: \$53K-\$56K (DOE)

Benefits: Medical, Dental, Basic Life & 401(k)

Under the general supervision of the TEC Director at ITCA, Inc. the Epidemiologist II effectively provides American Indian Tribes in Arizona, Nevada, and Utah with epidemiologic expertise regarding behavioral health and substance abuse public health programming, data collection, analysis, interpretation, quality improvement, dissemination, and disease prevention and control. The Epidemiologist will serve as lead support on both the Centers for Disease Control and Prevention (CDC) Tribal Overdose Prevention Program (TOPP) and the Indian Health Service (IHS) Substance abuse and Suicide Program (SASP) and the Domestic Violence Program (DVP) by providing technical assistance and training to support Tribally-funded projects. This position will require travel to Tribes for site visits, and national and regional conferences. This position will interface with key stakeholder groups, including: the IHS Behavioral Health Offices, CDC, state and local health departments, and other partners. The Epidemiologist will work closely with the team of ITCA TEC epidemiologists and other staff to develop Tribal Community Health Profiles. Timely and regular attendance to work and work-related events is an essential function of this position.

DUTIES AND RESPONSIBILITIES: This list is not all inclusive of the duties and responsibilities and/or skills, knowledge, and abilities of this position.

- Develop and complete all technical assistance, site visits, work group meetings, and trainings within the work plan for violence and substance abuse prevention community health planning and programming.
- Provide Tribes with requested epidemiologic and program evaluation technical assistance.
- Use epidemiologic/statistical methods to design surveys and databases at the request of Tribal partners.
- Construct public health presentations for internal and external trainings, meetings, and professional conferences.
- Travel is required within the Phoenix service area (Arizona, Nevada, and Utah) to Tribal partners.

KNOWLEDGE, ABILITIES AND SKILLS:

- Demonstrated experience and proficiency with EpiInfo, Microsoft Word, Excel, and Power Point. Must be willing to learn other software as needed.
- Demonstrated experience and proficiency in SAS or R.

Education Requirements and Experience:

MPH/MA/MS in community health promotion and disease prevention, epidemiology, biostatistics, statistics and/or American Indian Studies and at least 1 year post-Master's degree SAS data management and analysis experience or equivalent experience. Valid Arizona driver's license and submit to a background check.

Relocation expenses not available

Must submit a project sample of SAS or R code you have written with your application.

Email resume & SAS code to: Ruby.SantaCruz@ITCAonline.com
